Inserted as C1
Substitute the Sequence Listing submitted herewith for that which was filed April 27, 1998.

IN THE CLAIMS:

Add the following new claims.

C2 --21. A method of screening a compound for its ability to bind the nucleic acid sequence according to claim 3 comprising contacting of said compound with said nucleic acid sequence under conditions favorable to binding and determining whether said compound modifies the expression of said nucleic acid sequence.

Sub G17 22. A method of screening a compound for its ability to modify the expression of the nucleic acid sequence according to
